Social Responsibility

Red Star is committed to creating positive, safe and healthy working environment that all the employees can enjoy together. We cherish our workers team is the most valuable resource of our company. We focus on improving the well-being of every one who is working in Red Star to ensure every employee can enjoy:

- The right of getting paid in a decent salary and bonus including overtime pay;
- The right of getting proper protection during production to avoid any harm or injure;
- The right of having Endowment insurance, Medical insurance, Unemployment insurance, Employment Injury insurance;
- Maternity insurance for young female employees;
- The right to enjoy National Holidays.

Except the basic rights that every employee can have, Red Star cherishes Family Value as well. We hope that not only employees can acquire a decent life but also their family can enjoy the benefit from our company. Since 2015, Red Star has made the company policy that:

- Every employee can get the company's financial support when they are facing family emergency;
- Every child of employee's family gets an award of 10,000 yuan when their children enter the university or college;
- Every employee can get the company's financial support in their big family events like wedding, funeral or purchasing new apartment, etc.

Red Star also concerns environment protection issues. We operate strictly following the guidance of ISO 14001 Environmental Management System, ISO 9001 Quality Management System and OHSAS 18001 Occupation Health Safety Management System. There is no any waste or pollution made, leaked or dumped during our production.

Red Star sincerely hopes to become your lifelong reliable and trustable friends in mining screening industry.
